What is the Jenga Biashara loan?
The Jenga Biashara loan is a working-capital loan for small businesses that have traded for at least twelve months. Amounts range from fifty thousand to two million shillings, repayable over three to twenty-four months.

Who can apply?
Registered businesses and sole traders with an active account at the bank for at least six months may apply. Applicants need business records for the last six months, such as M-Pesa statements, bank statements or sales books.

How is the interest rate set?
The rate depends on the loan term, the credit history of the business and the security offered. The full cost of the loan, including fees, is shown in the key facts document before the customer signs.

How long does approval take?
Complete applications are usually decided within three working days. The relationship officer explains the decision and, if the loan is declined, the main reasons for the decision.

Can I repay early?
Yes. Early repayment is allowed at any time. Interest is charged only up to the date of repayment, and there is no early repayment penalty.

What happens if I miss a payment?
The bank contacts the customer by SMS and phone within three days of a missed payment to agree a plan. Late payment fees are listed in the key facts document.
